

RACK-ALT Series

LDA Rack-Alt Series cabinets are available in 10” and 19” in order to meet any need in voice and data installations.

These are multipurpose racks since they can be used for audio equipment, patch panels and electric equipments installations.

Standard models have from 27U to 42U, with 600mm depth and 800mm width, although they can be made with other dimensions according to the final customer's requirements.

Features:

- Steel frames for structure assembly.
- Wiring entrance in top and base.
- Steel supports for profile mounting and shifting.
- 4 19” moveable profiles.
- Accessible side panels.
- Top with side, front and rear vent slots.
- 4mm grey Parsol glass front door in a metallic frame with lock and vent slots.
- Back door with lock.
- Levelling feet or wheels.
- Capacity up to 400 kg.
