DIDACTIC PROPOSAL

LDA Audiotech: Products, Systems and Best Practices

Rafael Diego Macho Reyes

Learning Manager

Content

Training Name

Live training in LDA: Products, Systems and Good Practices

Target Audience

- Business developers, engineering personnel and technical installation teams. •

- Support staff from companies associated with the PA-VABGM field throughout the Spanish-speaking area.

Didactic Objectives

1. Understand the connection between the EN-54 legal framework and device development at LDA Audio Tech.

2. To know and use different LDA Audio Tech product lines for the generation, offer, configuration, commissioning and maintenance of PA-VA systems.

3. Know and understand the strategies of good practices for monitoring and maintenance of PA-VA systems and how to avoid technical problems.

4. Understand the steps in the design of PA-VA systems under the EN-54 legal framework.

5. Conduct hybrid online and fLive training programs.

Teaching Team

- Rafael Diego Macho Reyes: Learning Manager at LDA.

- Area and Personnel Managers of: Production, Projects, Commercial and

  R+D Departments.

Methodology

1. Access to online courses selected by staff of the Sales Department on the LDA Academy platform: https://academy.lda-audiotech.com/

2. After passing the course, a commercial agreement must be reached for a value of **2500 euros per training group for 2.5 training days** on the dates available in the calendar issued by LDA Academy.

3. The training contained within this program will be given with those points highlighted by the MA or DB who requests it.

4. After the training, certificates of completion will be given, a copy of which will be hosted at LDA Academy.

5. Access to the LDA Academy platform will be granted for 1 year to the participants of the training.

Pre-training conditions

1. Passing LDA Academy courses on LDA Products and Services according to agreement with the commercial agent in charge.

2. Payment of the cost of the training by payment order.

3. Details of training points by the Commercial Agent in charge.

Duration of Training

- Online – According to the course initially taken.
- FLive: 25h (2 days and half a day, oriented from Wednesday to Friday).
